

NWPA Competition Entry Instructions

All entries, PDI and Print, must be entered via the online system as follows:

Go to <https://www.photocompentries.net/?org=MoldCC>

you can Ctrl Click the link above.

Check the box at the bottom of the page to accept the privacy agreement if required.

Enter your email address. Please check it carefully as all communication will be sent to this address.
Click Next

You may be asked to confirm your email again, in which case enter it and click Next

Enter you number, contact number and honours if desired and click Next

Read the Rules and then Click Next – they certifies that you will abide by them.

You will see a list of sections

Open Colour Print

Open Colour PDI

Open Mono Print

Open Mono PDI

Nature Print

Nature PDI

You can enter a total of 6 images across these sections in any combination but with not more than 4 in any one section.

Click on the section you want to enter.

Click Yes

Click Browse and navigate to the file you wish to upload and click Open.

Files should be up to 1600x1200 pixels and sRGB jpg format. If they are not, the system will tell you and give you the chance to either have the software automatically convert you image (you will still be responsible for the quality of the image and it will be judged as seen) by clicking Resize or return to the menu and select a new file by clicking Next.

Once your image has uploaded, the filename should appear next to Image file and a title will automatically be generated from the filename. You can change this title by typing in the box. Please ensure that Print titles are identical between this system and the back of the print.

Repeat for any other entries in this section.

Click Next and you will return to the list of sections. The number of entries you have made to each section will display in brackets next to the section name.

Repeat for any other sections you wish to enter.

When you have entered all of your images, from the section list screen click next.

You will see a summary of your entry, with the options to go back, if you wish to make any changes, print for your records or next to continue.

After clicking next you will see a screen thanking you for your entry. Your entry is now complete. Please note you will NOT receive a confirmation email until your images are manually downloaded from the system and this will not happen immediately. However you will have a confirmation email by the submission deadline.

If you wish to change your entry in any way, you can freely do so up to the closing date by repeating the process again, navigating to the image you want to change within the system, clicking remove and uploading a new file, or by changing titles or other details in the relevant boxes. You must then click all the way through to the Thank you for your entry page for your changes to register. You do not need to notify us of any changes by email etc.
