

The Selection process for the NWPA prints to enter into the PAGB inter federation print battle took place on Saturday 9th May, The 5 selectors had a tough job of trying to choose images that they felt would do well in a competition environment, which was no mean feat! ! A constructive and thoughtful approach ensured that every submission was reviewed fairly and consistently, I am grateful for the positive spirit demonstrated throughout the day and for the cooperation of all those involved.

Thanks to the NWPA membership for putting forward your prints for consideration, the prints not selected will be returned to the authors as soon as possible

The images chosen to represent the NWPA and the PAGB inter federation print battle are listed below.

Kind regards

Charles Meadows

NWPA President

North Wales Photographic Association
